The TRIANGLE is comprised of separate communities unified by the RESEARCH TRIANGLE PARK

At the CENTER of RTP is RALEIGH-DURHAM INTERNATIONAL AIRPORT

Overlaying the CENTER of a FIGURE EIGHT symbol over RDU encircles these separate communities and forms a LARGER ASSOCIATION

The BI-DIRECTIONAL FIGURE EIGHT through RDU allows the CONNECTION of any two locations along the FIGURE EIGHT with the STRAIGHTEST LINE possible

The TRIANGLE acknowledges the separate communities

The FIGURE EIGHT connects these separate communities by creating a TRANSFER STATION at the EXISTING TRANSIT ORGANIZATION that lies at the CENTER of the TRIANGLE
